SUMMARY

Full-stack web developer with a certificate from Columbia University's coding boot camp program. Proficient in HTML, CSS, JavaScript, and React.js. Strengths in meeting deadlines, teamwork, and critical thinking. Excited to build responsive web applications and create an impactful user experience through UX and UI design.

EDUCATION

Full-Stack Web Development Certificate: Columbia University, Fu Foundation of Engineering and Applied Science, New York, New York
May 1, 2022 - July 27, 2022
- ❖ Completed a 12-week intensive program focused on full-stack web development skills, including database creation, API interaction, server-side development, and browser-based technologies.
- ❖ Collaborated with a team to build a single-page MERN stack application where users can upload photos to a database.

Bachelor of Science: Fordham University Gabelli School of Business, Bronx, New York
August 2017 - May 2021
- ❖ Obtained a degree in Business Administration with a concentration in Sports Business and Finance

TECHNICAL SKILLS

Collaboration: GitHub, Slack, Heroku
Software Languages: HTML, CSS, JavaScript, Node.js, Express.js React.js, MySQL, MongoDB

PROJECTS

Password Generator | https://github.com/mmoreno723/new-generator-repo | https://mmoreno723.github.io/new-generator-repo/
- ❖ A front-end application that generates random passwords based on users' inputs
- ❖ I created prompts to display on the user's window and constructed an algorithm to generate a random password
- ❖ Tools/technologies used: HTML, CSS, JavaScript

E-Commerce ORM | https://github.com/mmoreno723/E-Commerce-ORM-Repo |
- ❖ A backend object-relational mapper which allows a user to view all of their inventory in an organized database
- ❖ I created the models and routes, which were stored in the databases
- ❖ Tools/technologies used: Express.js, Node.js, MySQL, Sequelize, Insomnia

PWA Text Editor | https://github.com/mmoreno723/PWA-Text-Editor | https://fierce-cove-27265.herokuapp.com/
- ❖ A progressive web application text editor and note taker that combines the server and client-side and implements web packs to allow the user functionality offline
- ❖ I configured the web pack and ensured the database's information was stored and fetched correctly
- ❖ Tools/technologies used: Webpack, Webpack PWA, Manifest, Google Developer Tools

EXTRACURRICULAR EXPERIENCE

ESOL Teacher with Community Impact
Columbia University, New York, New York
September 2021 - May 2022
- ❖ Taught English to adult immigrants who are speakers of other languages (ESOL) twice a week

Juventus Academy Youth Soccer Coach
New York, New York
August 2021 - May 2022
- ❖ Managed multiple programs, including private sessions, team-oriented pre-academy training, and afterschool activities
